KENTUCKY NEWS TOLD IN PARAGRAPHS

Death at Fulton.
Fulton, Ky., Mar. 21.—Mr. Jake Harpole, died after a short illness of pneumonia. Mr. Harpole was born 65 years ago, and has lived in or near Fulton all his life.

Mrs. F. Hawkins, a sister to Mr. Harpole, is lying at the point of death in the same house and it is feared she, too, will die.

Married in Memphis.
Mayfield, Ky., Mar. 21.—Miss Cora Shell was married in Memphis last Wednesday to Mr. N. C. Welton. She left Wednesday accompanied by her sister, Miss Nell, and met Mr. Welton in Memphis, where they were married at the residence of Mr. and Mrs. F. C. Caulk.

Mrs. Welton is the daughter of Dr. J. J. Shell, of the city. Mr. Welton is also well known here, as he was in Mayfield last year, and is connected with the law firm of Greer & Greer.

Doctor Badly Hurt.
Hopkinsville, Ky., Mar. 21.—E. M. Cherry, a well-known physician of near Lafayette, was thrown from his horse and sustained a broken arm and other serious injuries.

Lived Too High.
Cloyd's Landing, Ky., Mar. 21.—Pleasant Walthall, at one time the owner of a \$50,000 farm and the second wealthiest citizen of Cumberland county, is now a county charge at the almshouse. Old and feeble and without a home or friends to care for him, he had been begging from house to house. His present condition is the result of extravagant and riotous living. Forty years ago he lived in a mansion.

May Not Recover.
Cloyd's Landing, Ky., March 21.—While in a temporarily insane condition, Frank Leonard of Mt. Salem, beat his wife into insensibility with a club. She is said to be dangerously wounded and may not recover.

Dies in Virginia.
Hopkinsville, Ky., Mar. 21.—Judge H. G. McGehee, of Gracey, received a message informing him of the sudden death of his father, Garrett C. McGehee, at Portsmouth, Va.

Route 1, Elbert M. Stephenson, carrier, Ned Atterberry, substitute; Carleton, Route 1, Otis T. Atwood, carrier, Thomas M. Baker, substitute; Crutchfield, Route 2, Thomas N. Belew, carrier, Maud E. Belew, substitute.

GHASTLY SCENES ABOUT THE DEBRIS

(Continued from Page One.)

curate at St. Margaret's Roman Catholic church nearby. At the risk of his life he removed seven persons from the ruins before the fire reached them and was returning for the eighth time when his shoulder was dislocated and he fainted from exhaustion.

Father O'Rourke's Statement.
Father O'Rourke said: "Pinned beneath heavy pieces of machinery, timber and twisted coils of pipe, were many oh, so many poor men and women, suffering terrible agonies."

"In order to reach these imprisoned sufferers we had to crawl through the debris and with the aid of large timbers we raised the wreckage which held fast several men and women. In this manner and by brute strength we pulled out seven employees."

Pulled Man's Leg Off.
"By this time the flames were almost upon us and we were about to flee for safety when one poor fellow begged that a last effort be made to save him. Three of us grasped the man by the shoulders and arms and tugged and pulled until suddenly he cried, 'My God, my leg is pulled off.'"

"It was terrible, especially so because a moment later, with our clothing scorched, we were ordered away by the chief of the fire department and were reluctantly compelled to leave the poor man to his fate. Just before leaving I saw at least 15 imprisoned operatives, some already suffering untold agonies from the flames which were actually cooking their flesh and others watching with terror-stricken eyes the fate of their companions, knowing that a moment or two would bring to them similar suffering and then death."

The scenes and incidents attending

the holocaust were frightful in the extreme and unnerved many who were trying vainly to get to the victims, and some turned away sick and fainting.

Boiler Cracked.

Boston, March 21.—"A crack in the lap seam of the boiler was responsible for the accident," said an expert engineer of the Hartford steam inspection and insurance company. "It was practically impossible to detect the crack," he said, "as it was on the inside part of the lap, running beside the rivets. The continued heating of the boiler tends to make the flat part round like the rest of the boiler, causing a strain on the inside of the seam. This frequently causes a crack which it is not possible to detect until it develops. It was one of those accidents for which no one is to blame."

STRANGE FEATURES OF FATAL SHOOTING

Tee Macklin Shot by Martin Patterson Last Night.

Patterson Says the Dead Man Attempted to Force His Way Into His House.

INQUEST TO BE HELD TODAY

Tee Macklin, colored, a lumber grader at Sherrill-Russell company's yards here, was shot and killed about 11:30 o'clock last night near Ninth and Husbands streets, by Martin Patterson, colored, an employee of Sowell's mills. Patterson, after shooting Macklin, went back to bed and was still there when Officers Dick Wood and Scott Ferguson went there to arrest him.

It was sometime after the shooting until the dead man was identified. According to Patterson's story he had gone to bed when two negro women knocked for admittance and said that a strange man was following them and they feared he meant to harm them. Patterson let them in and in a few minutes Macklin came up and demanded to be let in. He was warned to leave, it is said, but persisted and became abusive and threatening, whereupon Patterson took his shotgun, poked it out the door and fired, the lead of shot cutting his suspender and tearing a big hole in his breast. He fell and died almost instantly.

Coroner Crow was called and had the body taken to the Nance & Pool undertaking establishment, and Patterson was locked up to await the result of an investigation.

Patterson was seen this morning by a Sun reporter and stated that the women who came to his house were Mary Price and Sarah Johnson, both known to him and his wife, and that Macklin tried to enter his house immediately after his wife had arisen and let the women in.

Patterson says that Macklin fell back and stepped off the porch when he fired, but arose and walked away. He, Patterson, thinking he had not hurt the man, went to bed.

The officers found Macklin's body lying straight and from every appearance had been carried there and laid down. The wound was made in the left breast and extended through to the back of the right side and is large enough to get the hand through. Physicians say it must have caused instant death.

Macklin was 35 years of age and leaves a wife and two children at 14th and Tennessee streets. He bore a good reputation and it is said by his employers did not drink to excess.

Patterson was not warranted or arraigned this morning, the authorities deciding to await the result of the coroner's inquest.

It developed this morning that Macklin was a negro of good standing, a member of the Odd Fellows and Masons and had life insurance for several hundred dollars. He and Richard Nichols, colored, the latter a fireman at the power house, came here four months ago from Jackson, Tenn., where they stood well.

The Masons and Odd Fellows of Jackson will send for the remains and bury them in Jackson. The body has been turned over to Andy Watkins for embalming.

This morning shortly before noon Judge Sanders issued a warrant against Patterson for murder and the defendant was committed to jail to await the action of the examining court.

Coroner James Crow this morning held an inquest over the remains of Macklin and the verdict of the jury was that he came to his death from a gunshot wound inflicted at the hands of Martin Patterson, but failing to specify if it was done in justification of anything Macklin had done.

Paine's Celery Compound Makes Nerve Force

Nerve Force rules the world. Health—the satisfaction of living, is the right of every man and woman born into the world.

Health is a question of keeping all the organs of the body working together in fine, smooth, harmony.

The force that rules them all—that makes them work as nature meant and makes them keep in harmony—is Nerve Force.

Without Nerve Force there can be no health at all—no success—no joy in living.

The center of life is in the nerves.

The real root of health or sickness is found in the condition of the nerves.

Neglect the nerves and they will make you feel this neglect in many ways, they control all of the organs of the body and must be kept healthy and strong to do their work properly,—tired nerves cannot keep the organs of the body working in that harmony which is essential to real health.

This is why Paine's Celery Compound is able to bring health in so many different forms. Paine's Celery Compound feeds and nourishes the nerves. It makes new Nerve Force. It makes pure, rich blood, a clean active liver, a stomach that acts quietly and strongly upon all the food that is given to it, bowels that throw away promptly and surely all the ashes from life's engine room.

It makes the heart beat true and evenly, it makes the brain clear and vigorous.

The Nerve Force does this all, and Paine's Celery Compound makes the Nerve Force.

Best of all it makes that buoyant life-spirit, the thrill of health, that is the secret of happiness and the keynote of individual success.

This is the work of Paine's Celery Compound. It is the most celebrated nerve vitalizer and tonic in the world.

We give the testimony of many individual cases, simply that you may know their experience in their own words.

"I am a man of more than 60 years, and for the past 20 years I was a great sufferer with acute stomach trouble and rheumatism. I tried a number of specialists, but their efforts were unavailing and I felt as though life was not worth living, and I had given up all hope of being a well man again. My wife, who also had stomach trouble, at the suggestion of a friend, tried two bottles of Paine's Celery Compound and was fully restored to health. She then encouraged me to try the same medicine; I did so, and now I am a sound and well man, able to work every day. I bless my good wife every day for my good health, as she got me to take Paine's Celery Compound. In my opinion the greatest medicine ever given to the world for nervousness, stomach trouble, rheumatism and kindred ailments. Yours very truly,"—Martin Baldwin, 610 North 10th St., St. Joseph, Mo. Feb. 25, 1904.

Doctors know and value this prescription and make constant use of it in their practice.

Its effect is almost instantaneous—the nourishment and vigor given to the nerve system by Paine's Celery Compound is felt at once.

The patient feels this at once and gains confidence by it.

The Nerve Force begins at once to make each organ of the body do the work that nature expects of it.

Two days' treatment with Paine's Celery Compound will prove its marvelous power.

Remember this,—Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, Prof. E. E. Phelps, of Dartmouth University, and all reputable druggists sell and recommend it.

Theatrical Notes

The Georgia Minstrels had a good crowd at the Kentucky last night, but the performance was not up to the standard. There are some fine features, including the ensemble singing, but the soloists are few and inferior, and some of the jokes were old several seasons ago. The crowd evidently enjoyed the show, however, and what was new and good was well worth the price.

Manager James E. English today received a letter from the owners of the 4 Cohens "Running for Office," in which they say that this is guaranteed to be one of the best shows ever here, and all who do not agree after seeing it will be refunded their

money. It ought to have a big house on March 29.

Owing to the many inquiries made Manager English wishes to announce that Lewis Morrison himself will be here in Faust Thursday night. It is the old renowned Morrison, who decided to retire from the stage two seasons ago, but the love of his profession proved too strong, and he had to return to it.

OF MENINGITIS.

A Popular Young Man of Mayfield Died.

Mayfield, Ky., March 21.—Chauncey Gardner, aged 19 years, son of Rufe Gardner, the tobacco dealer, and one of Mayfield's most popular young men, died of meningitis after a short illness, last night.
